

January and February 2019

Dear Praying Friends,

A church member wrote me. She was asked by her Pastor to tell about my ministry in her church's missions conference. She wanted me to explain to her what I do so she could present "her missionary" at the conference. I thought what a wonderful way to connect missionaries and members. Which also made me think, my prayer letter recipients may enjoy the same information.

Do you remember how Christ told the Church to get the Gospel to every Nation and every Creature? You know the overwhelming feeling you get when looking at the world and know there are 200 Nations and almost 8 Billion people? If you're like me, you think, this is HUGE. What a task!

It is not fair people live without the Gospel! Every church has the same command, everyone, everywhere, must hear that God wants to adopt them into His family. In order to do this, every church needs to send or support qualified missionaries with a clear plan to get the Gospel to everyone, everywhere. My role in the Great Commission is to help concerned churches and qualified missionaries get the Gospel to everyone, everywhere.

I help churches send and find great missionaries. I help missionaries prepare for the field, I help missionaries find churches to seek support, and I connect missionaries with churches. I help churches take the guesswork out of finding missionaries. I help missionaries with training, encouragement, and get the tools they need to get the Gospel to everyone, everywhere.

I do this work while I travel 275 days a year and when I am in the office the other days of the year.

Each day I communicate with Pastors, leaders, and missionaries in their places of service. I connect those who go with those who give. I match churches and missionaries for the sake of the Great Commission. I connect people who want to go with places who need someone sent. I help students discover where God wants them to serve. And once they get there, I help them stay until the will of God is done.

Please pray for us as we serve the Lord. Thank you for believing and investing in the work of the Lord.

Serving Him,

John O'Malley
